Parent and Child Fun Session with our EAL Specialist

Dear Parent/Carer,

On Friday 1st November, you have been invited into school, along with some other families, to take part in a parent and child fun session with Azra Esmail, our new EAL specialist.

It is a great opportunity for you to get to spend time with your child in school, get to know Azra and learn more about how we can support you and your children.

In this session, you will be trying exotic fruits and doing some art. It should be a lot of fun!

We hope to see you at the main reception on Friday at 9.00am.

Many thanks,

Mrs Cheeseman
