## **We Want to Hear from You!**

We're currently reviewing our Trust's values to make sure they reflect what matters most to our families, staff, and pupils.

## **What Are Vision and Values?**

As a Multi Academy Trust, our **vision and values** are the foundations of everything we do. They guide how we teach, how we support pupils, and how we work together across our schools.

- **Vision** is our shared ambition for what we want education to achieve for every child.
- **Values** are the beliefs and behaviours we promote every day

Together, they help create a positive, purposeful environment where children can thrive—not just academically, but socially and emotionally too.

### **Your views are important.**

Please take a few minutes to complete our short survey and tell us what values you think are most important for your child's education and development.
